HET Engine with eSP Technology

The intelligent HET Engine with eSP Technology maximises the efficient combustion and minimises friction to optimise energy output. Integrated with Honda's unique ACG starter, it starts the engine jolt free with a refined sound. Overall, it delivers unmatched performance and contributes to a cleaner environment.

Silent Start with ACG

The innovative ACG starter of the new Grazia 125 starts silently by discarding gear meshing. Other than the silent start, it also reduces engine maintenance.

The intelligent sensor based PGM-FI system injects the engine with optimum fuel and air for ideal combustion. This provides consistency in power along with great mileage.
